- Complete the DASA workshop
- Pass Certification Tests 107 & 108

Questions about completing your courses and internship? Give us a call! 516-221-2936

COURSES & INTERNSHIP

Complete all courses and your internship so St. Rose can recommend you.

EAS

You do not need to prepare
much for this.

**EDUCATING
ALL
STUDENTS**

More information is available at

http://www.nystce.nesinc.com/TestView.aspx?f=HTML_FRAG/NY201_TestPage.html

THE DASA WORKSHOP

- Complete the DASA Workshop
- If you have not taken it already, it is offered by CITE for an additional \$95 fee.
- Sign up here: <http://www.citeeducation-strose.com/login-and-reserve-courses/>

TESTS 107 & 108

- 107 should be taken fairly soon after you have completed 505, 590, 503 and 510 while the material is still fresh in your mind. It should not be taken before you have completed these four courses.
- 108 should be taken after you have completed all six courses, since one portion of the test includes material from 540 and 550.
- Both include complicated multi choice questions based on content in paragraph and chart form. Both include timed writing samples. 108 includes questions stemming from a video based on teacher observations.
- More information is available through our required test prep seminar and at https://www.nystce.nesinc.com/TestView.aspx?f=HTML_FRAG/NY107_PrepMaterials.html

- Please do not take both 107 and 108 on the same day. It's too draining.
